

NORTHWEST CONDOMINIUM LIVING

Vaux Community Lending Library Experiment

On Monday, July 9, you will notice a small bookcase near the community notice bulletin boards in each building's garage-level elevator lobby.

The Vaux Board of Directors has authorized this experiment to re-circulate books, CDs, DVDs and puzzles throughout the Vaux community (similar to the 'Little Lending Libraries' around Portland).

As this will be a resident run project, if you participate, please keep the shelves as tidy as you can. The only items that are discouraged at this time are magazines as they can be difficult to display and keep neat.

Once the shelves appear on Monday July 9th, please feel free to contribute!
